

CONTEXT

Vivre en Gaspésie is officially launching a new service to support the English-speaking communities of Gaspésie and Îles-de-la-Madeleine.

This service joins the various services already offered by Vivre en Gaspésie and aims to strengthen the regional dynamic by also representing the region's English-speaking community.

This initiative is part of a strategic partnership with three local organisations: Committee for Anglophone Social Action (CASA), Council for Anglophone Magdalen Islanders (CAMI), and Vision Gaspé-Percé Now (VGPN). "
